Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Hoboken Water Metering Project in fiscal year 2024. The entity to receive funding for this project is the City of Hoboken, located at 94 Washington Street, Hoboken, NJ 07030. The funding would be used to replace outdated water meters with Advanced Metering Infrastructure (AMI). The project is an appropriate use of taxpayer funds because it would allow for more accurate readings, enable leak detection, and conserve water and taxpayer dollars.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Robert J. Menendez
Member of Congress
